A Doctorate (NQF Level 10) in Highway Engineering/Traffic Engineering with at least six years of lecturing experience at tertiary education level and/or industry experience or an equivalent combination of relevant professional experience. Excellent English communication skills (oral and written). Proven competence in sourcing research or project funding from thirdparty sources, successful initiation and management of research projects, curriculum development, and strong management/ organisational and mentorship skills. Competence to teach at least three following courses: Pavement Design, Transport Planning and Traffic Engineering. Competence to establish professional networks and to maintain links with the industry, as well as experience in developing postgraduate programmes, strong management skills and a proven record of raising substantial research funding. A credible record of lecturing, peerreviewed publications, community engagement, programme coordination, as well as supervision of students (research) at both under- and post-graduate levels will be an advantage.
